

TULLE POMPOM BOW

What You Need:

- Tulle Spool
- Ribbon
- Scissors

Step 1: Cut 10" (25cm) of ribbon. Wrap the tulle around your hand (with fingers spread) 15 times.

Step 2: Keeping its shape, slide the tulle off your hand and on top of your ribbon.

Step 3: Tie a very tight knot with your ribbon, while trying to keep your tulle as flat as possible.

Tip: Work the tulle into an accordion shape as you tighten the ribbon.

Step 4: Cut the folded edge of the tulle on either side.

Step 5: Cut just enough to free all layers of your tulle bundle.

Step 6: Pull the tulle layers apart, separate each layer. Fluff the tulle until your desired fluffiness has been reached.

Use your completed pom-pom bows to decorate your home, create garland or use as an accent for gift wrapping. Get creative and combine multiple colours in your creations!
