

Embroidery Project ♥

Instructions

1. Print pattern.

Tip: For a larger or smaller version of this pattern simply enlarge or reduce the image size before printing, or magnify the image using your printer.

2. Trace pattern outline with Unique Burgundy Transfer Pencil.

Tip: For a more precise and fine outline, keep your pencil sharp.

3. Iron paper right side down on muslin where you would like to transfer the pattern.

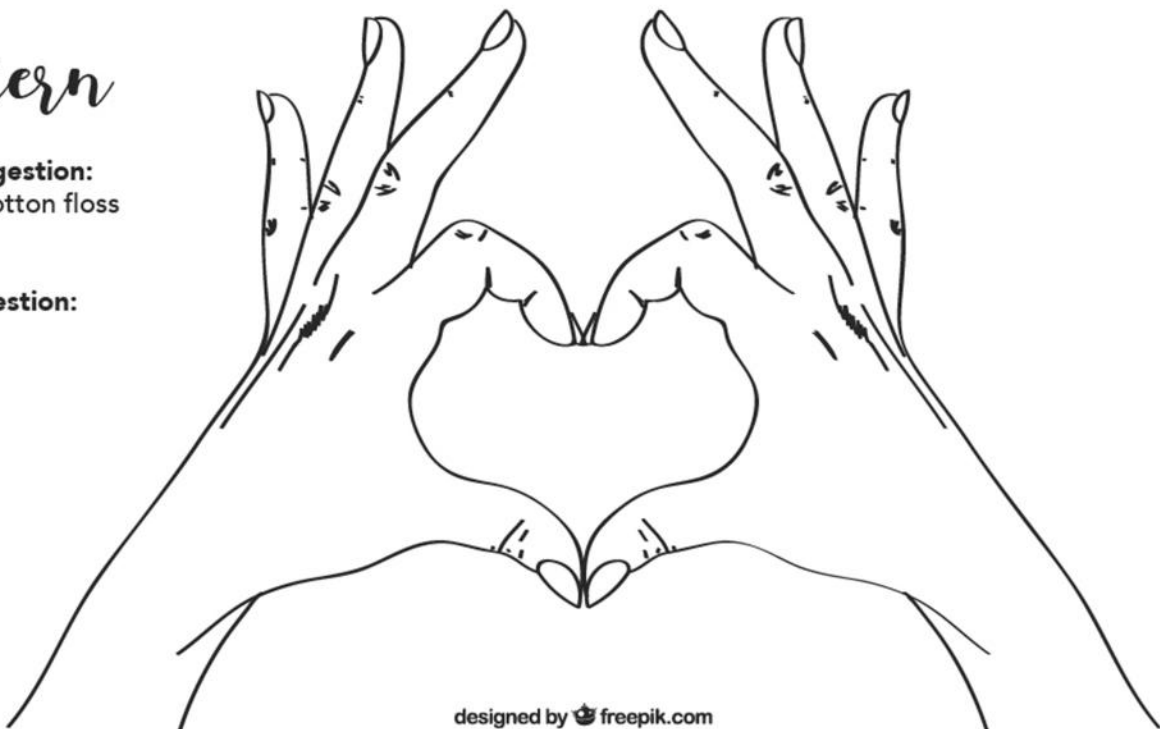

4. Place muslin in 6" Unique Craft Embroidery Hoop so that the pattern is centered.

5. Use a simple backstitch to draw the lines of the pattern on your muslin.
