

STRIP QUILT

Finished size: 1.3m x 1.8m (50 x 70")
1/4" (.6cm) seam allowance
WOF = width of fabric

What you need:

- .7m x 4 prints 112cm wide
- .3m x 3 prints 112cm wide
- 3m backing 112cm wide or 1.8m of 150cm wide or 1.8m of 275cm wide
- .5m x 1 print 112cm wide for binding or 6.5m of blanket binding
- 1.5m batting 230cm wide

What you do:

- Using the 4 x .7m prints, cut 2 x 35cm (13.75") wide WOF strips of each. Sew the 2 ends of the matching strips together and press seam open. Recut length of joined strip to measure 127cm (50"). Repeat for all 4 prints.
- Using the 3 x .3m prints, cut 2 x 15cm (6") wide WOF strips of each. Sew the 2 ends of the matching strips together and press seam open. Recut length of joined strip to measure 127cm (50"). Repeat for for all 3 prints.
- Layout quilt top pieces, alternating 4 wider strips with the 3 narrow ones. Sew strips together along the longer edge and press seam allowances towards the narrow strip.
- If using 112cm wide backing, divide the 3m into 2 equal pieces of 1.5m (59") each and sew the pieces together along the selvedge edge creating a **horizontal** seam.
- Cut batting to measure 1.5 x 2m (60 x 78.5"). Layer the top, batting and backing together on a flat surface (backing on the bottom facing down, batting in the middle and the top on the top face up). Pin using curved safety pins or basting spray. Quilt layers as desired. Trim excess batting and backing.

- From the binding fabric, cut 6 strips of 6.25cm (2.5") wide WOF for doublefold binding or use blanket binding. Bind quilt using your favourite method.
